Forecast for Saturday 15 May 2021

Weather: Rather cloudy with outbreaks of showery rain dying out through the early hours, some clearer spells across northern and western fells. Then a rather cloudy start with patchy light rain or showers but becoming brighter through the morning with sunny spells, especially in the north and west, and occasionally heavy, and perhaps thundery, showers developing for the afternoon. Showers gradually die out through the evening

Chance of cloud free mountain/hill tops above 800m: Around 30% at first rising to 60% by late morning

Visibility: Periods of cloud, especially across the south and east, above 450-600m, becoming more occasional by late morning. Otherwise visibility good or very good falling to several kilometres in rain and showers.
